

Brandon Mercado Perez

Garland, TX 75043 | (469) 396-3219 | Brandon_mercado@ymail.com

EDUCATION

Dallas College — Dallas, TX

May 2026

Associate of Science | GPA: 3.95

Academic Honors: Chancellor's Honor Roll; Phi Theta Kappa International Honor Society

Relevant Coursework: Programming Fundamentals (C++), Calculus for Business & Social Sciences, Financial Accounting, Managerial Accounting, Business Law, Macroeconomics, Microeconomics

CERTIFICATIONS

Bloomberg Market Concepts (BMC) — Bloomberg for Education

Nov 2025

- Completed coursework in Economic Indicators, Currencies, Fixed Income, and Equities
- Developed foundational understanding of macroeconomic trends, financial markets, and key asset classes

EXPERIENCE

Chartwells Higher Education Dining Services

Richardson, TX

Store Supervisor | Full-Time | 30–40 hours/week | 45–50 weeks/year

September 2019 – Present

- Supervised and trained up to 5 employees with no prior food service experience, providing hands-on coaching across fast-paced, high-volume campus dining environments
- Managed daily operations and inventory across 2 campus dining locations simultaneously, including Tradecraft, Firehouse Subs, and Novel Brew, ensuring operational continuity and minimizing shortages
- Provided operational coverage for additional outlets — including campus Markets, Einstein Bros. Bagels, Starbucks, and Halal Shack — during staffing gaps and peak demand periods
- Coordinated merchandise organization, vendor deliveries, and location-specific distribution, transitioning from bulk shipments to store-level fulfillment to improve stock visibility and reduce operational errors
- Led UTD Market Optimization project during Summer 2025, working extended hours to establish cost centers, set strategic PAR levels, optimize POS systems, and build inventory infrastructure across campus marketplace locations — completed ahead of Fall 2025 opening, resulting in expanded role as Marketplace Supervisor

Construction Assistant — Family Business

Dallas, TX

Labor Worker | Full-Time | 30–40 hours/week | 45–50 weeks/year

January 2016 – August 2019

- Performed comprehensive interior and exterior remodeling work on residential and commercial projects, including drywall finishing, painting, and installation of interior trim such as crown molding and baseboards
- Supported exterior construction and finishing work, including concrete and cement work, siding installation, insulation, roofing assistance, and demolition

PROJECTS

Payroll Data Processing Application (C++) | GitHub: github.com/BrandonMercadoPerez/salary-processing

- Designed and implemented a C++ console application that parses unstructured payroll text files, normalizes inconsistent time formats, applies multiple pay-grade rules, and generates formatted departmental payroll summaries
- Used GitHub for version control, iterative development, and documentation throughout the full build cycle

INTERESTS

Driven by a passion for using technology and data to help businesses operate smarter and grow — with a personal mission to apply those skills to my family's restaurant and future ventures of my own; firm believer that the best classroom is real-world experience
